

Kaeren Smith

Kaeren is well known in the local community for her friendly, approachable manner and superior customer service. She takes the time to build a great rapport with her clients, providing an ethical and professional approach. Kaeren says, "There's no better feeling than achieving a great result for a happy client".

She respects and understands every job within Ray White Tweed Heads. Since starting out as a Receptionist in 1984, Kaeren has held every position herself, so she knows the industry inside out. After dedicating more than 4 years to night school and many more years of ongoing industry training, she is a fully licenced Real Estate Agent, Auctioneer, Stock & Station Agent and Business Agent. She displays a wealth of experience and knowledge few other agents can match.

While Kaeren has achieved many awards over the years, she says her greatest compliments are the many referral and repeat clients who keep coming back to her. Her clients speak of her friendly and approachable nature, going beyond expectations, her superior industry knowledge and the personalised attention they receive.

When you list your property with Kaeren, you deal with Kaeren, not an assistant. She is available whenever you need her – all you have to do is call.

Kaeren also oversees our Property Management department. She is hands-on, taking personal responsibility, meeting every tenant and owner, which ensures consistently high service standards are delivered to all our valued Property Management clients.

As a further service to the community, she is a Justice of the Peace.

You deserve the level of service only a professional like Kaeren can deliver.
